STEP 03

You approve the quote.

(Or come back to us and we rethink things)

STEP 04

WE DO THE JOB!

We then send you a draft version of the video to approve, usually via Dropbox or on USB. This will likely be a lower quality version to aid fast downloading. This may also include a low resolution version of any music bed used in the job

STEP 05

You take a look through and note down any changes you'd like to make, then send that list to us.

STEP 06

We make those changes and send back another draft.

(We can do this process twice before extra charges are incurred)

STEP 07

ALONG WITH THE INVOICE.

STEP 08
